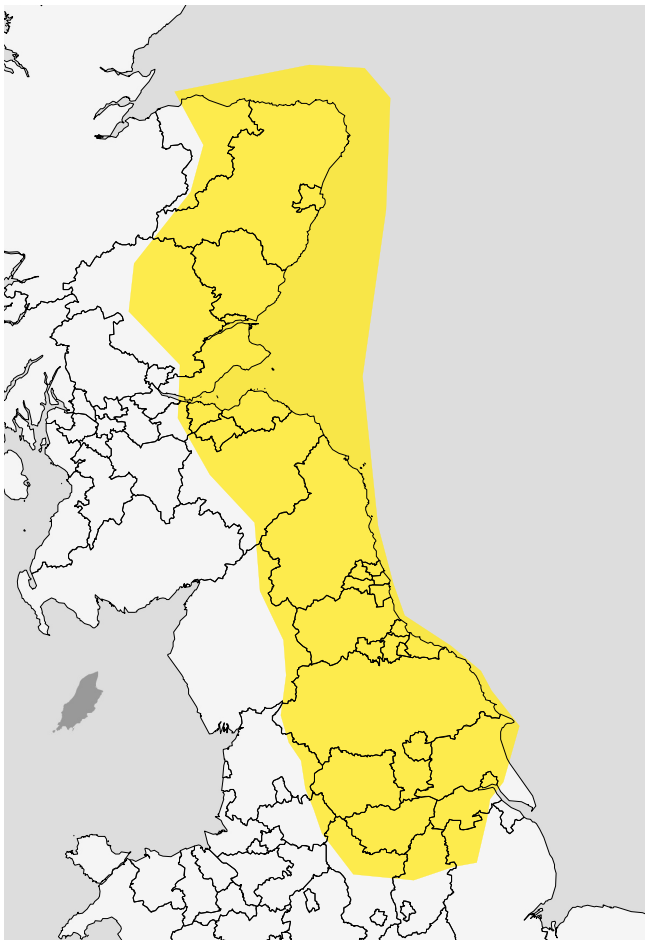
Yellow warning
Snow & Ice

Between
18:00 Sat 2 Jan 2021 and
11:00 Sun 3 Jan 2021



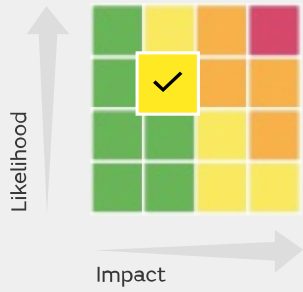
Icy patches and hill snow may cause tricky travel conditions in some places.

What to expect

- Some roads and railways likely to be affected with longer journey times by road, bus and train services
- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Icy patches are expected to develop, especially on untreated surfaces, where snow has fallen on Saturday and where showers are frequent this evening and overnight. Showers will also be wintry at times, mainly inland and particularly over higher ground where above 200-300m a further few centimetres of snow is possible in places.



Medium likelihood of low impacts

Issued at 16:32 Sat 2 Jan, 2021
